About the C-BICS 2024

The Department of Bioinformatics & Biosciences (BI&BS) at Capital University of Science & Technology (CUST), Islamabad, is hosting the 12th edition of the International Conference on Biological and Computational Sciences (C-BICS) in 2024. Established in 2013, the BI&BS has consistently organized this event to bring together leading experts in biological research. C-BICS 2024 aims to foster innovation in health and life sciences. By providing a platform for knowledge sharing and collaboration, the conference seeks to advance our understanding of living organisms, develop novel treatments and therapies, improve food production and environmental sustainability, and ultimately enhance quality of life. A particular focus this year will be on exploring the potential of artificial intelligence, machine learning, & data sciences, to revolutionize biological research.

Research Areas

- Biological Data Science
- Forensics and Diagnostics
- AI in Health & Life Sciences
- Precision & Molecular Medicine
- Epidemiology & Infectious Diseases
- Bioinformatics & Computational Biology
- Climate Change
- Food & Nutrition
- Synthetic Biology
- Smart Agriculture
- Bio-entrepreneurship
- Biomedical Engineering
